NOTE:—The annuity payment is for the purpose of paying off in 50 years the original capital, £2,000,000, and interest thereon at 3 per cent per annum.

General working expenses includes salaries and expenses of Head Office, Cable Stations and Cable Ship and Provident Fund.

Reserve and renewal fund is to provide for cable repairs and renewal of the cable when found necessary.

Revenue—Traffic receipts.

Temporary Clerks in Ottawa Post Office.

Auditor General's Office Ottawa, January 3, 1913.

Sir,—With reference to the pay-lists of your office for the current fiscal year which have been sent me, so far, for audit, I beg to enquire if all the clerks, both temporary and permanent entered thereon, are employed in the Ottawa Post Office under your supervision. If not so employed, will you please let me know in what capacity they are employed, and your authority for entering their names on the OttawaPost Office paylists?

I am, Sir, your obedient servant,
J. FRASER,
Auditor General.

J. A. Gouin Esq., Postmaster,
Ottawa.

Post Office Deptarment, Ottawa, March 4, 1913.

Sir,—The Postmaster at Ottawa has handed me your letter dated the 3rd January last in which you inquire whether all the clerks, both temporary and permanent, whose names appear on his pay-lists for the current fiscal year, are employed in the Ottawa Post Office under his supervision, and if not in what capacity they are employed.

In reply I beg to say that owing to the fact that the Civil Service Commissioners have been unable to supply clerks who have passed the examination for permanent appointment, the Department has been obliged to accept temporary help for a period of six months at a time. At the end of the six months these clerks, not having passed the examination, have left and other temporary clerks have been taking their places. In this way the Department had a very large number of temporary clerks for six months at a time and when they begin to learn the work they have to leave and other new and inexperienced men are taken on to replace them, and in many cases the Commissioners have been unable to furnish any one, either permanent or temporary, when application is made. In order, therefore, to carry on the work the Department was obliged to obtain help outside the Civil Service Commissioners, and as there was no way by which these men could be paid out of the Inside Service appropriation their names were added to the pay-list of the Ottawa Post Office. The Department is quite well aware that this arrangement is not in accordance with the Civil Service Act, but the work had to be carried on and no other arrangement seemed possible.

I subjoin a list of those employed in the Inside Service and paid through the Ottawa Post Office.

I am, Sir, your obedient servant,

R. M. COULTER.

The Auditor General, Ottawa.

Purchase of a Packard Touring Car.

AUDITOR GENERAL'S OFFICE, OTTAWA, August 31, 1912.

SIR,—In your expenditure for May last I find an item of $4,500 for the purchase of a 7 passenger touring "Packard" car. Judging by the price it would appear to me to be a second hand car. If so I should like to know what steps were taken to ascertain the value, and to be furnished with the certificate of valuation and also the usual certificate that the price is fair and just.

As you have charged the amount to "Miscellaneous" I should like to know what purpose the car is intended to serve, as the charge is an unusual one, and why the cheque was made payable to the Asst. Postmaster in Montreal, instead of to A. L. Caron from whom the car was purchased.

Is Mr. Caron a dealer in cars?

I am, Sir, your obedient servant,

JOHN GORMAN,
For Auditor General.

The Deputy Postmaster General,
Ottawa.

POST OFFICE DEPARTMENT, OTTAWA, September 25, 1912.

SIR,—I have the honour to acknowledge the receipt of your letter of the 31st ult. with reference to the purchase of a motor car for the use of the Department at Ottawa. You ask what steps were taken to ascertain the value, what purpose the car is intended to serve and why the cheque in payment therefor was made to the order of the assistant Postmaster of Montreal instead of L. A. Caron from whom the car was purchased.

In reply I have to say that the assistant Postmaster of Montreal, to whom the matter was referred, gives the following information:—

> "The machinery was perfectly new but the body, (tonneau) was damaged by fire and had to be replaced by an absolutely new one. If the car had been a new one direct from the factory, it would have cost $6,000. Mr. Caron at the time had an offer of $5,000 for the car but only one-half of the amount was to be paid in cash and the balance to be covered by a mortgage on property, and our offer of $4,500 to him was very tempting, being all cash, and as he was building he decided to drop $500 from the original price asked."

As to the purpose the car is intended to serve I may inform you that it is being used at Ottawa by the Superintendent of Rural Mail Service for laying out new routes in the Ottawa district and also by the Post Office Inspector when visiting offices that can readily be reached in a day, and by the Postmaster or members of his staff in the inspection of sub-offices throughout the city. It is found that a great deal of time can be saved by all these officers in using the motor car instead of having to hire livery rigs or wait for train connections. It frequently happens that the Superintendent of the Rural Mail Service or the Post Office Inspector will be able to do in a day what would require two or three days by the ordinary methods of travel.

In explanation of the issue of the cheque to the Assistant Postmaster of Montreal instead of to Mr. Caron I may say that when the car was purçhased the terms were cash, but Mr. Gaboury was instructed to have the car thoroughly tested and satisfy himself that it was a first class one and in good condition before taking it over from Mr. Caron. It was for this reason that the cheque was made payable to Mr. Gaboury and sent to him with instructions to endorse it over to Mr. Caron after making the necessary tests of the car.

I am, Sir, your obedient servant,

R. M. COULTER,
Deputy Postmaster General.

The Auditor General, Ottawa.

POST OFFICE DEPARTMENT, OTTAWA, December 20, 1912.

Re Postage on Newspapers.

SIR,—I have to acknowledge the receipt of your letter of the 6th inst. with reference to the revenue derived from postage on newspapers and 3rd class matter paid in cash. You ask what are the regulations and practice in connection with these two items of revenue; what means the Department has of determining if the amounts collected are correct and are accounted for, and whether it is not possible that the charges could be covered by stamps.

In reply I have to say that, as regards newspapers, postmasters are required by the regulations to see that all papers are carefully weighed and the postage due thereon, prepaid in cash before they are accepted from the publishers for mailing. The postmaster is furnished with a form of receipt made in triplicate which is filled in at the time of weighing and gives full particulars as to the gross and net weights of each despatch and the amount collected at the different rates imposed upon newspapers. The original of this triplicate receipt is handed to the publisher, the duplicate is forwarded to the Department and the triplicate retained as the postmaster's office record. The receipts are numbered and every form of receipt must be accounted for. Even those that are spoiled have to be forwarded to the Department. These receipts are compiled on forms sent to the Accountant's office where they are checked against the postmaster's cash accounts.

With respect to the mailing of 3rd class matter the regulations are to be found in the Postal Guide, paragraph 82, and reads as follows:—

> In order to facilitate the posting and despatch of printed matter, such as circulars and catalogues mailed in considerable quantities at City Post Offices for delivery at places within the Dominion of Canada or in the United States, an arrangement has been made whereby the prepayment of postage on such matter may be effected in cash (instead of by postage stamps) in conformity with the following regulations:—
>
> (1) Each lot of mail matter which is posted under this arrangement must be accompanied by a permit, which has been obtained from the postmaster of the office at which it is posted. The application must be made in writing on one of the forms provided for the purpose, in which shall be stated approximately the number of pieces it is intended to mail, and the postage on each piece at the rate of one cent per two ounces or fraction thereof.
>
> (2) The articles posted must be of uniform weight, and must be put up in such a way as to admit of their being readily counted. The weight and number must be verified beyond doubt. Circulars must be put up in packages of 50, 75 or 100, with addressed sides faced all the one way. Catalogues must be tied up in neat bundles.
>
> (3) The lowest amount which may be received in payment for matter mailed under these regulations is $25.

You will understand from the information given above that it would hardly be practicable to use postage stamps to prepay all such matter. Such a practice would entail an enormous amount of work on the post office as well as on newspaper publishers and business firms that now take advantage of the regulations effecting 3rd class matter.

I am, sir, your obedient servant,

R. M. COULTER,
Deputy Postmaster General.

The Auditor General.

Post Office Department, Ottawa, June 2, 1913.

Re **Post Office Box Rents, Prince Rupert.**

Sir,—This Department has for a number of years allowed postmasters who occupy Government buildings where lock boxes are furnished by the Department of Public Works, to retain one-half the rent collected for such boxes as part of their remuneration. At Prince Rupert, owing to special circumstances, the postmaster was allowed to retain the whole amount collected up to the end of December last on the recommendation of the P. O. Inspector, although the Public Works Department had furnished his office with boxes in May, 1912. The Inspector represented that owing to the high wages that had to be paid by the postmaster to secure a competent staff and the excessive cost of living at Prince Rupert as compared with other places, the postmaster should be allowed all box rents in addition to the usual scale of salaries allowed under the schedule by which salaries are fixed. Since the 1st January last only half the amount collected has been allowed the postmaster and the Inspector again urges that he should be allowed to retain all his box rents until the office is placed on a different basis.

It is intended to make Prince Rupert a semi-staff office within a short time and when that is done the postmaster's salary will be fixed by the Department and he will be provided with the necessary staff, but in the meantime he has to pay out the full amount of the salary and allowances to keep a staff necessary to cope with the work and when his wages and office expenses are paid he has nothing left for himself.

I should be glad to know if in the circumstances described, you see any objection to making this special allowance to the postmaster until Prince Rupert is made a semi-staff office.

I am, sir, your obedient servant,

R. M. COULTER,
Deputy Postmaster General.

The Auditor General.

Audit Office, Ottawa, June 7, 1913.

Sir,—I beg to acknowledge the receipt of your letter of 2nd inst., in reference to the allowance to the postmaster at Prince Rupert of all the box rents.

As the usual allowance to postmasters of 50 p.c. of the box rents is a departmental registration, and as you have departed from this regulation by allowing the postmaster at Smith Falls the whole of the box rents in 1904-05, I assume you can allow the postmaster at Prince Rupert the whole of his box rents, if you consider the circumstances justify it.

It would have been more in accordance with the usual practice if the regulations governing these allowances had been authorized by Order in Council, and it might be advisable to procure an order for the proposed extra allowance to Prince Rupert postmaster.

I am, sir, your obedient servant,

JOHN GORMAN,
For A. G.

The Deputy Postmaster General.

Audit Office, Ottawa, September 5, 1913.

Re Discount to Stamp Vendors.

Sir,—Please explain the large increase in discount to stamp vendors at following Offices during 1912–13:—

	1911–12	1912–13
Fort William, Ont	$ 36 54	$ 190 65
Guelph, Ont	32 85	436 66
Niagara Falls, Ont	76 63	500 73
Moosejaw, Sask	275 81	1,061 93
Saskatoon, Sask	332 23	2,213 06
New Westminster, B.C	225 45	646 27

I am, sir, your obedient servant,

JOHN GORMAN.
For A. G.

The Deputy Postmaster General.

Post Office Department, Ottawa, September 16, 1913.

Sir,—Replying to your letter of the 5th inst. in which you ask an explanation in regard to the large increase in discount to stamp vendors at certain post offices in 1912–13 as compared to 1911–12, I beg to inform you that the increase is due to the fact that lobby vendors were appointed at the offices mentioned on the following dates:—

Fort William, Ont	26th December, 1912
Guelph, Ont	20th August, 1912
Niagara Falls, Ont	27th April, 1912
Moosejaw, Sask	27th November, 1911
Saskatoon, Sask	28th December, 1911
New Westminster, B.C	23rd November, 1911

I am, Sir, your obedient servant,

R. M. COULTER,
Deputy Postmaster General.

The Auditor General.

Re Losses of Post Office Revenue.

Audit Office, Ottawa, October 7, 1913.

Sir,—The losses to the Post Office Revenue for 1912–13, amounted to $4,263.26, the greater part of which was for losses by fire and burglary. No doubt, a full enquiry is made in each case before allowing the Postmaster credit for the loss.

I should like to have an explanation of the losses, amounting to $70, for shortages in Postmaster's remittances to Bank; of the losses amounting to $15.60 for shortages in postage stamps issued to Postmasters and also of postage stamps lost in mail while in transit from St. John to Parents, N.B., $25.

I am, Sir, your obedient servant,

J. FRASER, *A. G.*

The Deputy Postmaster General.

Post Office Department, Ottawa, October, 17, 1913.

Sir,—I beg to acknowledge receipt of your letter of the 7th inst., on the subject of the losses to Post Office Revenue for 1912–13, amounting to $4,263.26, in which an explanation is requested with respect to certain of the items, and in reference thereto beg to offer the following information.

(1) The $70 "Shortage in Postmasters remittance to Bank" represents discrepancies between the amounts claimed by Postmasters and the sums acknowledged by the Banks. Full enquiry was made with respect to the differences but as it was found impossible to establish the actual amounts the Postmasters were credited with the sums claimed.

(2) The $15.60 "Shortage in Postage Stamps issued to Postmasters" arose from cases where Postmasters claimed that the amount of stamps received from the Department at Ottawa or the Stamp Depots was less than the amount charged them. Every case was closely inquired into and when the Department had reason to believe that the Postmaster's claim was correct and that an error had been made in filling the requisition he was allowed credit for the shortage.

(3) The Postage Stamps to the value of $25 lost in the mails while in transit from St. John to Parents, N.B., were contained in a mail bag which was destroyed in being thrown off the train at Parents.

I would add that no claim for loss is accepted by this Department without the fullest investigation.

I am, sir, your obedient servant,

HECTOR B. VERRET,
Deputy Postmaster General.

The Auditor General.
